## LOOKING FOR AN INEXPENSIVE WAY TO GET GREAT LOOKING PICTURES OF YOUR STORE?

**I Heart Blank** has teamed up with **Pallante Photography** to bring you a great deal! We realized that many **businesses need photos for their website or advertisements** and many can't afford to hire a photographer for a full day shooting. We put a package together so you can get **quality photos** for your business **without** emptying your wallet. It's the simple, no frills approach to getting **beautiful pictures of your business!** Here's the deal:

- **One hour photo session** to take photos of your storefront, the staff, select images of products, or sections/areas of your store. (However much you can fit in!)
- **Includes 1/2 hour post production** work on photography.
- **Hi-res pictures** will be available online in a .zip file for you to **download** as well as an **Online Gallery**.
- Any products, areas or staff of your business should be **prepared before-hand!** (Time is of the essence! The clock starts when he walks in the door!)
- Payment is due at the time of photo session. 5 business day turn-around.
